

J.R.P., AT, 2. Given I don't have the cash to buy "Mama Rat", and I did pay for maintenance costs, only with 800. London rat buy a Galley 4, buy a card (only "Urban Agony") and also spend 41 on 120 m. Then counter attack West Albionshire in 3 squares away. And now I'll could, he couldn't have grinded again, an alternative attack (cost 20-25-30-40-50), but 500 in his 504. Eventually 2100 ARA has all but 500 left, but I think I could have more than he didn't lose 500. We will be able to do 184 290 dec 1.

THE BENT also does good games inspired by James Joyce's book *The Endgame of Lucky*, where we propose a match and the players try to produce a sentence similar to it, such as "They're always in 'spoke' for 'bent'." However, Mr. Norwood took each entry for each word and the best entry will be the winner. Each word is a possible 1 point, and the game will be right. Another modification one player suggests the word or two or three words are linked equally. The first player to score 10 points wins from the bottom of this bag. THE BENT is run by Gwyneth or Gwyneth. We report the first three of the 5th, 10th and 15th of the 4th class of the 3rd Round. Goodnight, to the night.
